Below are the assessment and certificate details.

Assessment Details

Application Name	https://skuastjammu.ac.in
Tested Application	https://skuastjammu.ac.in
Assessment Completion Date	27th-March-2026

Certificate Details

Assessment Body	RNR Consulting Private Limited (A Cert-In Empaneled Organization)
Cert-In Empanelment No	3(15)/2004-CERT-In (Vol. XIV)-RE-70
Certificate No	2026032700001
Certificate Issue Date	27th-March-2026
Certification Validity	This certificate remains valid for 12 months from the date of issuance, provided no modifications are made to the application, its environment, or its underlying components that could impact on the assessment performed.

Assessment Conclusion:

Application is audited against vulnerabilities including OWASP 2021 Top 10 and total 3 vulnerabilities are identified (**High -3, Medium-4, Low- 2**). **High -2, Medium-3, Low- 1** Vulnerabilities are closed by deploying the patches and **High -1, Medium-1, Low- 1** vulnerability is closed with business justification.

Recommendation:

As the threat actors keep changing and targeting the organization resource this cannot be established that the system will be risk free. Organization should get the security assessment done for their system to proactivity identify the risk and mitigate. This is recommended for organizations should follow the best practice like secure coding principles and secure design to mitigate the risk.
